Traffic Light Activation – Elmwood Drive and Granite Drive

MONCTON – The City of Moncton wishes to advise the motoring public that the new traffic signals at the intersection of Elmwood Drive and Granite Drive will be activated in flash mode **at 6 a.m. on Monday, October 22, 2018.**

The flash mode will be in effect for one week to give motorists time to adjust to the new signals. During this period, the signals will flash yellow on Elmwood Drive and flash red on Granite Drive.

Remember, when you see flashing lights at an intersection that:

- A flashing yellow means proceed with caution
- A flashing red means come to a complete stop, then proceed when you can

The traffic lights will be fully activated on **Monday, October 29, 2018.**

Please use caution in the area as motorists adjust to the new traffic pattern. Drivers travelling on Granite Drive are asked to be aware of equipment and crews working in the area at all times.
